the Māori and Asian populations are growing... Within Invercargill City, 17% of people are Māori and 6% are Asian 17% 6% (NZ Stats, Census 2018) Our population is ageing - the median age of people in Southland is around 40. 17% of people in Invercargill are over 65 and this is forecast to increase to 23% by 2031. (NZ Stats, Census 2018)

Palliative and End of Life Care Delivery Plan - Welsh Government

health. A healthy approach to dying, planning ahead and informing family and friends of their wishes can result in improved person centred, tailored care at the end of life. This is judicious, prudent health and social care at its best. There are still many challenges that remain and stakeholders must continue to work

Asset & Wealth Management 2025 - PwC

of many ageing populations in Asia. A fundamental shift in how pensions and savings are managed, and the ability of asset managers to help plug the investment return gaps before it is too late becomes even more critical. As part of this research, we also believe that a number of transformations could take place by 2025 across APAC, all of which
