**Unicorn Stories for Kids** Elisabeth Potter 2020-08-05 Want your child to use the imagination more with unicorns?Fantasy serves an essential and vital purpose to us. Anyone who enjoys reading knows that reading can take us anywhere the author's and our imaginations choose to guide us. Reading transports us to another time or place. By reading, we not only learn about things that we have never seen but also learn about things that never were in this world. Fantasy enables us to live in the land of never was. And that, in turn, allows us to create our own stories and worlds. Imagine how dull life would be with no fantasy. Fantasy fuels our dreams and imaginations. That fuel is called inspiration. Inspiration is the basis of creativity. Creativity is what invention comes from. All that starts with fantasy and a vivid inner world. The best way to nurture that inner world in children begins with the bedtime story. When we remember our childhood, most people have early memories of their parents reading to them before bed. Those bedtime stories filled our dreams and fueled our imaginations as we grew. Thanks to those stories, we imagined ourselves flying in the sky with birds. We grew and became fairies with butterfly wings. We played dragons and unicorns. We went back in time, interacting with pirates, knights and dinosaurs. Our fantasy world cheered us when we were sad, and made us smile.This book covers: What is Meditation for Children With TechniquesSelf Esteem, Compassion, EmpathyTechniques to Calming and Relaxing20 Unicorn Bedtime StoriesAnd Much More...Storytime before bed is a bonding time with your mom or dad or both. Kids are soothed to sleep with the sound of their mother or father 's voice. The story of bedtime is the inspiration for the dreams that your child might have at night. It's also a food for the child's conscious mind as they go about their day. Children are also strongly influenced when it comes to personality traits. Our children learn through stories many of the values and character traits they will hold on to and hopefully demonstrate later in life as they grow up. Children are learning who they want to emulate, who they want to be and how to treat other people. There's one extra benefit with fantasy stories, their mind and imagination work out, as well as giving the gift of what could be.It is remarkable how things that never were and never will be can serve us in life. Our fantasy worlds give us gifts like the concept of inclusion of all species, and people, even those from outer space. Fantasy gives human voices and words to animals and machines, even robots. Fantasy helps us learn to empathize with people and creatures wholly different from ourselves. It teaches us to think before we react to something unfamiliar as well as how our words might make those who are not like us feel.We hope that this collection of stories will inspire your child similarly with characteristics such as friendship, courage, equality, hope, generosity, patience, inclusion, conservation, and love for all. Dream the sweetest dreams, little ones! Explore more unicorns by buying this book now!
