A colorful and inspiring way to instill the message that we are each wonderfully treasured and made. Fun Fact: In early spring 2013, while putting socks on her newest daughter's feet, the author Ruth spoke out loud, "Look at those toes, where will they go?" In a moment of sheer inspiration, she grabbed her eldest daughter's Tinkerbell notebook, and between folding laundry and scrambling eggs, wrote the manuscript for this book.

Hey kids, do you want to know how to make all-stars for your baseball league? Or parents, do you feel like the coaches keep passing your child up? Well no more! Or coaches, want drills and ways to motivate your players to get better? Coach Andy Collins is going to tell you everything he knows from his 35 years of youth and adult coaching and watching what works and what doesn't work. It's chock-full of ideas in 86 pages. He'll cover: * How your league chooses all-stars * What all-star selectors are really looking for * 7 tried and true methods of getting better at baseball * But more importantly, little known ways to get the people picking the team to notice you * And how to beat the "politics" that seem to get in the way Year after year kids sit in the stands crying after the all-star teams are announced and they weren't one of the players that were chosen. At the same time the students I've trained do make these same all-star teams. It was then I realized I had the information that the kids in the stands and their parents and coaches were looking for. Wherever there are kids around the world that play youth baseball, there are kids that long to make the league's all-star team. Every year it's the same,

kids that desperately want to have their name called out (or see it announced on the list) don't make it, and a little bit of them is hurting deep inside; and they don't know why they were not picked. Little did they know that they could have fairly accurately predicted their chances almost from day one of when the season started. And if they knew what you're about the find out, they could improve enough in skill in the eyes of the all-star selectors as to be a better player or even make the all-star team. The good news is that in this book, there is a way to learn how to make the all-star team for the next upcoming season; and if not then, the following year (if you're willing to listen and follow the advice I give). While I have written this for parents and coaches to learn how this process works and how they can help these youngsters achieve their dreams, this is mostly a book written for the kid who wants to make all-stars, not a book for the parent who wants their kid to make all-stars (there is a difference). And it will be in that voice that this book will be written.

Unicorn Stories for Kids - Elisabeth Potter 2020-08-05

Want your child to use the imagination more with unicorns? Fantasy serves an essential and vital purpose to us. Anyone who enjoys reading knows that reading can take us anywhere the author's and our imaginations choose to guide us. Reading transports us to another time or place. By reading, we not only learn about things that we have never seen but also learn about things that never were in this world. Fantasy enables us to live in the land of never was. And that, in turn, allows us to create our own stories and worlds. Imagine how dull life would be with no fantasy. Fantasy fuels our dreams and imaginations. That fuel is called inspiration. Inspiration is the basis of creativity. Creativity is what invention comes from. All that starts with fantasy and a vivid inner world. The best way to nurture that inner world in children begins with the bedtime story. When we remember our childhood, most people have early memories of their parents reading to them before bed. Those bedtime stories filled our dreams and fueled our imaginations as we grew. Thanks to those stories, we imagined ourselves flying in the sky with birds. We grew and became fairies with butterfly wings. We played dragons and unicorns. We went back in time, interacting with pirates, knights and dinosaurs. Our fantasy world cheered us when we were sad, and made us smile. This book covers: What is Meditation for Children With Techniques Self Esteem, Compassion, Empathy Techniques to Calming and Relaxing 20 Unicorn Bedtime Stories And Much More... Storytime before bed is a bonding time with your mom or dad or both. Kids are soothed to sleep with the sound of their mother or father's voice. The story of bedtime is the inspiration for the dreams that your child might have at night. It's also a food for the child's conscious mind as they go about their day. Children are also strongly influenced when it comes to personality traits. Our children learn through stories many of the values and character traits they will hold on to and hopefully demonstrate later in life as they grow up. Children are learning who they want to emulate, who they want to be and how to treat other people. There's one extra benefit with fantasy stories, their mind and imagination work out, as well as giving the gift of what could be. It is remarkable how things that never were and never will be can serve us in life. Our fantasy worlds give us gifts like the concept of inclusion of all species, and people, even those from outer space. Fantasy gives human voices and words to animals and machines, even robots. Fantasy helps us learn to empathize with people and creatures wholly different from ourselves. It teaches us to think before we react to something unfamiliar as well as how our words might make those who are not like us feel. We hope that this collection of stories will inspire your child similarly with characteristics such as friendship, courage, equality, hope, generosity, patience, inclusion, conservation, and love for all.
