Teaching Statistics in School Mathematics-
Challenges for Teaching and Teacher Education
Carmen Batanero 2011-07-31 Teaching Statistics
in School Mathematics-Challenges for Teaching
and Teacher Education results from the Joint
ICMI/IASE Study Teaching Statistics in School
Mathematics: Challenges for Teaching and
Teacher Education. Oriented to analyse the
teaching of statistics in school and to recommend
improvements in the training of mathematics
teachers to encourage success in preparing
statistically literate students, the volume provides

a picture of the current situation in both the
teaching of school statistics and the pre-service
education of mathematics teachers. A primary
goal of Teaching Statistics in School
Mathematics-Challenges for Teaching and
Teacher Education is to describe the essential
elements of statistics, teacher's professional
knowledge and their learning experiences.
Moreover, a research agenda that invites new
research, while building from current knowledge,
is developed. Recommendations about strategies
and materials, available to train prospective
teachers in university and in-service teachers who

have not been adequately prepared, are also accessible to the reader.

Twenty-Twenty Hindsight Mosiuoa Sekese

2013-05-16 “Twenty-twenty hindsight” means

perfect understanding of events only after they

have happened. In his book, Mosiuoa Sekese

looks back on his life in the old and new South

Africa and gives his own perceptive interpretation

of the past events. Sekese suffered discrimination

and prejudice under the old apartheid government

as well as the new, democratic regime. His story

is highly personal, but provides the reader with

unique insights into the social and educational

challenges that South Africa continues to grapple

with. “I had a quick read and I find the content

heartbreaking but fascinating. Especially as a

white South African you are drawing me into a

world that I always knew existed, but which few

people have the guts and conviction to paint into

words.” – Louise Heystek-Emerton: CEO
