Our society today will have a profound impact on the planet our kids, and their kids, will inherit. To put it simply, over the last 120 years, humanity has materially changed our planet's

atmosphere through the extraction and subsequent combustion of hundreds of millions of years of accumulated carbon.

1 Positive Psychology, Positive Prevention, and Positive ...

The field of positive psychology at the sub-jective level is about positive subjective ex-perience: well-being and satisfaction (past); flow, joy, the sensual pleasures, and happiness (present); and constructive cognitions about the future—optimism, hope, and faith. At the in-dividual level it is about positive personal
