Written in History: Letters that Changed the World celebrates the great letters of world history, and cultural and personal life. Bestselling, prizewinning historian Simon Sebag

Montefiore selects letters that have changed the course of global events or touched a timeless emotion—whether passion, rage, humor—from ancient times to the twenty-first century. It is a surprising and eclectic selection, from the four corners of the world, filled with extraordinary women and men, from ancient times to now. Truly a choice of letters for our own times encompassing love letters to calls for liberation to declarations of war to reflections on life and death. The writers vary from Elizabeth I and Catherine the Great to Mandela, Stalin and Picasso, Fanny Burney and Emily Pankhurst to Ada Lovelace and Rosa Parks, Oscar Wilde, Chekhov and Pushkin to Balzac, Mozart and Michelangelo, Hitler, Rameses the Great and Alexander Hamilton to Augustus and Churchill, Lincoln, Donald Trump

As Moscow celebrates the motherland's glorious victory over the Nazis, shots ring out on the crowded streets. On Stalin's instructions, a ruthless investigation begins into what becomes known as the Children's Case. Youth across the city are arrested and forced to testify against their friends and their parents. As families are ripped apart, all kinds of secrets come spilling out. 2018-01-02 Imprisoned in the Gulags for a crime he did not commit, Benya Golden joins a penal battalion made up of Cossacks and convicts to fight the Nazis. He enrolls in the Russian cavalry, and on a hot summer day in July 1942, he and his band of brothers are sent on a suicide mission behind enemy lines—but is there a traitor among them? The only thing Benya can truly trust is his horse, Silver Socks, and that he will find no mercy in onslaught of Hitler's troops as they push East. Spanning ten epic days, between Benya's war on the grasslands of southern Russia and Stalin's intrigues in the Kremlin, between Benya's intense affair with an Italian nurse and a romance between Stalin's daughter and a war correspondent, this is a sweeping story of passion, bravery, and survival—where betrayal is a constant companion, death just a heartbeat away, and love, however fleeting, offers a glimmer of redemption.

The Life and Loves of a She Devil Fay Weldon

2009-10-15 Ruth Patchett never thought of herself as particularly devilish. Rather the opposite in fact - simply a tall, not terribly attractive woman living a quiet life as a wife and mother in a respectable suburb. But when she discovers that her husband is having a passionate affair with the lovely romantic novelist Mary Fisher, she is so seized by envy that she becomes truly diabolic. Within weeks she has burnt down the family home, collected the insurance, made love to the local drunk and embarked on a course of destruction and revenge. A blackly comic satire of the war of the sexes, THE LIFE AND LOVES OF A SHE DEVIL is the fantasy of the wronged woman made real. A Million Things Emily Spurr 2021-08-24 "An original and impressively assured debut. A gem of a novel." —Graeme Simsion, New York Times bestselling author of The Rosie Project A soaring, heartfelt debut following fifty-five days in the life of ten-year-old Rae, who must look after herself and her dog when her mother

disappears. For as long as Rae can remember, it's been her and Mum, and their dog, Splinter; a small, deliberately unremarkable, family. They have their walks, their cooking routines, their home. Sometimes Mum disappears for a while to clear her head but Rae is okay with this because Mum always comes back. So, when Rae wakes to Splinter's nose in her face, the back door open, and no Mum, she does as she's always done and carries on. She tends to the house, goes to school, walks Splinter, and minds her own business—all the while pushing down the truth she isn't ready to face. That is, until her grumpy, lonely neighbor Lettie—with her own secrets and sadness—falls one night and needs Rae's help. As the two begin to rely on each other, Rae's anxiety intensifies as she wonders what will happen to her when her mother's absence is finally noticed and her fragile world bursts open. *A Million Things* transforms a gut-wrenching story of abandonment and what it's like to grow up in a house that doesn't feel safe into an

astounding portrait of resilience, mental health, and the families we make and how they make us in return.

The Man Who Hated Women Amy Sohn
2021-07-06 Smithsonian Magazine, 10 Best History Books of 2021 • "Fascinating . . . Purity is in the mind of the beholder, but beware the man who vows to protect yours." —Margaret

Talbot, The New Yorker Anthony Comstock, special agent to the U.S. Post Office, was one of the most important men in the lives of nineteenth-century women. His eponymous law, passed in 1873, penalized the mailing of contraception and obscenity with long sentences and steep fines. The word Comstockery came to connote repression and prudery. Between 1873 and Comstock's death in 1915, eight remarkable women were charged with violating state and federal Comstock laws. These "sex radicals" supported contraception, sexual education, gender equality, and women's right to pleasure. They took on the fearsome censor in explicit, personal writing, seeking to redefine work, family, marriage, and love for a bold new era. In *The Man Who Hated Women*, Amy Sohn tells the overlooked story of their valiant attempts to fight Comstock in court and in the press. They were publishers, writers, and doctors, and they included the first woman presidential candidate, Victoria C. Woodhull; the virgin sexologist Ida C.

Craddock; and the anarchist Emma Goldman. In their willingness to oppose a monomaniac who viewed reproductive rights as a threat to the American family, the sex radicals paved the way for second-wave feminism. Risking imprisonment and death, they redefined birth control access as a civil liberty. *The Man Who Hated Women* brings these women's stories to vivid life, recounting their personal and romantic travails alongside their political battles. Without them, there would be no Pill, no Planned Parenthood, no *Roe v. Wade*. This is the forgotten history of the women who waged war to control their bodies.

The Northern Clemency Philip Hensher
2008-10-22 In 1974, the Sellers family is transplanted from London to Sheffield in

northern England. On the day they move in, the Glover household across the street is in upheaval: convinced that his wife is having an affair, Malcolm Glover has suddenly disappeared. The reverberations of this rupture will echo through the years to come as the connection between the families deepens. But it will be the particular crises of ten-year-old Tim Glover—set off by two seemingly inconsequential but ultimately indelible acts of cruelty—that will erupt, full-blown, two decades later in a shocking conclusion. Expansive and deeply felt, *The Northern Clemency* shows Philip Hensher to be one of our most masterly chroniclers of modern life, and a storyteller of virtuosic gifts. *The Romanovs* Simon Sebag Montefiore 2017 This is the intimate story of twenty tsars and tsarinas, some touched by genius, some by madness, but all inspired by holy autocracy and imperial ambition.
